1. From and after the passing and confirmation of this canon, the soil and freehold of all Churches of the communion of the said United Church of England and Ireland in the Provinces of Ontario and Quebec, now erected, or hereafter to be erected, shall be in the Parson or other Incumbent thereof, for the time being, but the soil and freehold of the church yards and burial grounds attached or belonging thereto respectively shall be in the Incumbent for the time being and the Church-wardens; but the possession of the said churches, church-yards and burying grounds shall be in the Incumbent for the time being and the Church-wardens to be appointed as hereinafter mentioned, by whatever title the same may now be held, whether vested in trustees for the use of the church, or whether the legal estate remains in the crown, by reason of no patent having been issued, though set apart for the purposes of such church, church-yard or burying-ground: provided always, that nothing in this section contained shall extend to affect the tenure of any Parsonage or Rectory now established by Letters Patent or of any Proprietary Chapel: nor the rights of any other church or body of Christians to any landed property or church now erected, but that the same shall remain as if this canon had not been passed. And provided also that no Church-warden or Church-wardens shall permit the church or church-yard or burying ground to be used for the purpose of holding Divine Service or for interment, without the consent of the Incumbent thereof.

His Excellency was pleased to produce Letters Patent under the Great Seal of the United Kingdom of Great Britain and Ireland, dated at Westminster, on the 29th day of December, in the 32nd year of Her Majesty's Reign, whereby Her Majesty was graciously pleased to constitute and appoint the said Sir John Young to be Her Majesty's Governor General in and over Her Dominion of Canada. His Excellency then took the oaths prescribed by the Instructions passed under the Royal Sign Manual and Signet to the said Sir John Young as Governor General of Canada, before three or more of the Judges of Her Majesty's Supreme Court of Record of the Province of Quebec, within the said Dominion, by whom they were tendered and administered to His Excellency.

His Excellency then received an Address in reference to his assumption of the Government of Canada, from the Mayor and Corporation of the city of Montreal, presented to him by the Mayor accompanied by the Members of the City Council.

And Addresses on the same subject were presented by Deputations from:—

To which replies were respectively given by His Excellency.

His Excellency was subsequently pleased to receive at the St. Lawrence Hall Hotel, at one o'clock P. M., an address from the Legislative Council and the Legislative Assembly of the Province of Quebec, in the Provincial Legislature assembled, presented to him by a Deputation of the Members of that body, as follows:—

MAY IT PLEASE YOUR EXCELLENCY:

We, Her Majesty's most dutiful and loyal subjects, the Legislative Council and the Legislative Assembly of the Province of Quebec, in the Provincial Legislature assembled, beg leave in the name of the people of this Province, to offer Your Excellency our respectful congratulations on your happy advent among us, and to wish Your Excellency, as well as Lady Young, a cordial welcome.

Knowing the high reputation that Your Excellency has acquired in the Government of other important Colonies of the British Empire, we would assure Your Excellency that the people of this Province recognize in the choice just made by Her Gracious Majesty, a fresh proof of Her solicitude for the good government of Canada and the welfare of its inhabitants.

We beg to assure Your Excellency that, desirous as we are of seeing our new Constitution carried out for the greater advantage of all the Provinces composing the Confederation, and the increased prosperity of all classes of Her Majesty's subjects, we earnestly pray for the success of Your Excellency's government, and hope that your residence in Canada may prove both agreeable to Your Excellency and beneficial to the country.

We also beg leave to assure Your Excellency that being assembled in furtherance of the interests which the Constitution has confided to us, we fully appreciate the importance and responsibility of the task which has devolved on us, and in the discharge of our duties we shall not lose sight of the general interests of Confederation, and will be guided by that spirit of fidelity and attachment to Her Gracious Majesty, of which the people of this Province are now giving proof in their prompt co-operation with Your Excellency's government, in regard to the new organization of the militia for the defence of the country.

We further beg Your Excellency to accept our assurance that you will always find us ready to give Your Excellency our active co-operation in your efforts to promote the prosperity of the important possessions of Her Majesty confided to your care, as well as in the maintenance of order and harmony among all classes of Her Majesty's subjects.

To which His Excellency replied as follows:—

Hon. Gentlemen and Gentlemen:

I receive with much pleasure your loyal and dutiful address, and beg to thank you very sincerely for the congratulations you offer me on my arrival as Her Majesty's representative.

Lady Young also is much obliged by the cordial welcome you have extended to her.

Your promises of co-operation are very grateful to me, and cannot fail to be of material service in securing the harmonious action of the various portions of the government.

I turn, however, with peculiar satisfaction, to that portion of your address in which you assure me, that in the discharge of the duties which the constitution has intrusted to you, you will not lose sight of the general interests of Confederation.

I thank you for this assurance, and I also appreciate its great importance. My earnest prayer is that the Provincial chambers may always approach legislation in a similar spirit, who, while wisely anxious for the promotion of all local interests shall be not less zealous for the furtherance of those wider and truly national interests which are essential to the prosperity and power of the Dominion at large.

On my part I can very freely assure you of my earnest desire to co-operate with you in the promotion of the general welfare.

Under the blessing of divine Providence I trust that our united efforts may meet with their reward in the consciousness of duties honorably fulfilled and in the view of a prosperous and contented people.

CANADA.

BY HIS EXCELLENCY THE RIGHT HONORABLE SIR JOHN YOUNG, Baronet, one of Her Majesty's Most Honorable Privy Council, Knight Grand Cross of the Most Honorable Order of the Bath, Knight Grand Cross of the Most Distinguished Order of St. Michael and St. George.

Ma prière la plus sincère c'est que les Chambres Provinciales puissent toujours en ce qui regarde la législation être imbuës d'un semblable esprit, lesquelles, tout en étant sagement occupées à promouvoir les intérêts locaux, n'en apporteront pas moins de zèle aux progrès des intérêts plus étendus et réellement nationaux qui sont essentiels à la prospérité et au pouvoir de la Puissance en général.

Pour ma part je puis très-franchement vous assurer de mon sincère désir de coopérer avec vous dans la promotion du bien-être général.

GENERAL NOTICES AND CONDITIONS OF CARRIAGE.

The St. Lawrence and Ottawa Railway Company hereby give public notice that the conditions on which they will receive and carry merchandise, are as follow :

1. They will not be responsible for any article or articles conveyed upon their Railway, unless the same be signed for as received by a duly authorized Agent, and a declaration or shipping note, upon the regular printed form, as provided, has been presented to the Agent, setting forth the description of Goods, and the parties to whom they are to be delivered.

2. None of their agents are authorized to take charge of Bank Notes, Money, Deeds, Securities, or other valuable papers ;—and they will not be responsible for the loss of or damage done to Money, in Cash, or Bills, or Promissory Notes, or Securities, or Jewellery, Trinkets, Rings, Precious Stones ; Gold or Silver, manufactured or unmanufactured ; Gold and Silver Plate, or Plated Articles ; Clocks, Watches, Time-pieces, Marble ; Lace, Furs, Silks, in a manufactured or unmanufactured state, and whether wrought up or not wrought up with other Materials ; Writings, Title-deeds, Prints, Paintings, Maps, Engravings, Pictures, Stamps, or other valuables ; nor for any damage done to China, Glass, Wearing Apparel, Musical Instruments, Furnitures, Toys, Castings, Cast-Iron Work, Stoves, Stove Furniture, or any other such hazardous or brittle Articles, in packages or otherwise, which shall have been delivered, either to be carried for hire or to accompany the person of any passenger on their Railway. Nor for loss or damage occasioned by delays from storms, weather, fire, heat, frost, accidents, civil commotions, or other unavoidable causes, nor for delay of perishable articles from any cause whatever,—Fresh Fish, Fruit, Meat, Dressed Hogs, Poultry, and other perishable articles, will be carried only at the owners' risk.

3. They will not carry any Boiler, Cylinder, piece of Machinery, Casting, Stone or other article of unusual bulk or weight except under special contract or agreement. Aqua Fortis, Vitriol, Friction Matches, or other dangerous materials will not be carried except under special contract or agreement, and they will in no case be held liable for the loss of such articles.—The senders of any dangerous articles will be held accountable for any damage arising therefrom or thereto, unless the contents of each package are described upon the direction thereof clearly and distinctly, in order that due care may be observed in handling and loading the same.

4. **THEY WILL NOT CARRY GUNPOWDER ON ANY TERMS WHATEVER.**

5. They will not be responsible for loss or damage of any packages insufficiently or improperly packed, marked, directed or described, containing a variety of articles, liable by breaking to damage each other or other articles ; nor from leakages arising from bad casks or bad cooperage, or springing of bungs, or from fermentation. Oil and Molasses will, under no circumstances, be carried, save at the risk of the owners or parties by whom they are consigned.

6. They will not be responsible for loss or damage done to goods put into returned wrappers or boxes, or packages described as empties ; nor for any goods left until called for, or to order, warehoused for the convenience of the parties to whom they belong, or by or to whom they are consigned ; and the delivery of goods will be considered complete, and all responsibility will terminate, when Goods are placed in the Shed at the Station to which they are consigned. The Warehousing of them will then be at the owner's risk and expense—(except as to Lumber, Coals, Bricks and Goods of like bulk and description the delivery of which shall be complete, and all responsibility terminate upon their being detached from the Train whereby they have been drawn)—and it shall be lawful to send any Goods for which Store or Warehouse room cannot be conveniently supplied at the Stations, to the Warehouse of any Wharfinger or Warehouseman that may be available—at the risks and expense of the owners of the property so stored—and the charges for Warehousing and conveyance shall form an additional lien upon such Goods.

7. They will not be responsible for any deficiency in weight or measure of grain, etc., in bags or in bulk ; nor for loss or deficiency in weight, number, or measure of lumber, carried by the car-load.

8. All goods from whomsoever received or to whomsoever belonging, shall be subject to a general lien, not only for the carriage of those particular goods but also for any general balance that may be due by the owners of such goods ; and if, in six weeks after notice shall have been given that such goods are detained for any such claim, the money due be not paid, the goods will be sold by auction or by private sale, to defray such claims and all expenses incurred thereon. But, Fish, Fruit, Meat, Dressed Hogs, Poultry, and all other perishable articles upon which charges may be due to the Company, will be disposed of immediately after giving the above notice, and without awaiting the expiration of the above period of six weeks.

9. In case of neglect or refusal to pay the toll or freight due to the Company on any goods, they have the power to detain the same until payment of such freight be made, and in the meantime such goods are at the risk of the owner ; and if such goods be of a perishable nature, the Company have the right to sell the same forthwith, on the certificate of two competent persons establishing the fact of their being so perishable ; and if such goods are not of a perishable nature and remain unclaimed for six months, the Company may, after giving one month's notice in two Newspapers nearest the place where the goods may be, dispose of the same by Public Auction, and the proceeds of the sale, after paying the said freight, storage and cost of advertisement and sale, shall be handed over to the owner if he shall claim the same.

10. All goods addressed to consignees resident beyond the places at which there are Stations on this Railway, and respecting which no directions to the contrary shall have been received previous to arrival at the Stations, will be forwarded to their destination by public carrier or otherwise, as opportunity may offer, without claim for any delay that may occur for want of opportunity to forward them ; or such goods will be suffered to remain for a reasonable time at the Station, or be placed in shed or warehouse (if there be convenience for receiving the same), pending communication with the consignees, at the risk of the owners. But the delivery of the goods will be considered complete, and all responsibility will be considered to have ceased, when notice shall have been sent to some public Carrier that such goods are at the Station awaiting further conveyance. *And the Company will not be responsible for any loss, damage or detention that may happen to goods so sent by them, if such loss, damage or detention occur after the said notice, or beyond the limits of their Railway.*

11. Storage at the rates set forth in the table above will be charged on all freight remaining in the depots over 48 hours after its arrival.

12. Demurrage at the rates stated in the above Table will be charged on all cars not unloaded within 24 hours after arrival.

13. The Company will not, under any circumstances, be liable for loss of market, or other claims arising from delay or detention of any train, whether in starting, or at any of the Stations, or in the course of the journey ;—and they do not undertake to send goods by any particular train, if there be an insufficient number of cars at the Station, or if cars cannot be conveniently used for the purpose ; or if, from any cause, cars loaded at a Station are unable to be sent on by the trains passing or starting from such Station.

14. The St. Lawrence and Ottawa Railway Company hereby give public notice that the conditions on which they will receive and carry merchandise, are as follow :

1. They will not be responsible for any article or articles conveyed upon their Railway, unless the same be signed for as received by a duly authorized Agent, and a declaration or shipping note, upon the regular printed form, as provided, has been presented to the Agent, setting forth the description of Goods, and the parties to whom they are to be delivered.

2. None of their agents are authorized to take charge of Bank Notes, Money, Deeds, Securities, or other valuable papers ;—and they will not be responsible for the loss of or damage done to Money, in Cash, or Bills, or Promissory Notes, or Securities, or Jewellery, Trinkets, Rings, Precious Stones ; Gold or Silver, manufactured or unmanufactured ; Gold and Silver Plate, or Plated Articles ; Clocks, Watches, Time-pieces, Marble ; Lace, Furs, Silks, in a manufactured or unmanufactured state, and whether wrought up or not wrought up with other Materials ; Writings, Title-deeds, Prints, Paintings, Maps, Engravings, Pictures, Stamps, or other valuables ; nor for any damage done to China, Glass, Wearing Apparel, Musical Instruments, Furnitures, Toys, Castings, Cast-Iron Work, Stoves, Stove Furniture, or any other such hazardous or brittle Articles, in packages or otherwise, which shall have been delivered, either to be carried for hire or to accompany the person of any passenger on their Railway. Nor for loss or damage occasioned by delays from storms, weather, fire, heat, frost, accidents, civil commotions, or other unavoidable causes, nor for delay of perishable articles from any cause whatever,—Fresh Fish, Fruit, Meat, Dressed Hogs, Poultry, and other perishable articles, will be carried only at the owners' risk.

3. They will not carry any Boiler, Cylinder, piece of Machinery, Casting, Stone or other article of unusual bulk or weight except under special contract or agreement. Aqua Fortis, Vitriol, Friction Matches, or other dangerous materials will not be carried except under special contract or agreement, and they will in no case be held liable for the loss of such articles.—The senders of any dangerous articles will be held accountable for any damage arising therefrom or thereto, unless the contents of each package are described upon the direction thereof clearly and distinctly, in order that due care may be observed in handling and loading the same.

4. THEY WILL NOT CARRY GUNPOWDER ON ANY TERMS WHATEVER.

5. They will not be responsible for loss or damage of any packages insufficiently or improperly packed, marked, directed or described, containing a variety of articles, liable by breaking to damage each other or other articles ; nor from leakages arising from bad casks or bad cooperage, or springing of bungs, or from fermentation. Oil and Molasses will, under no circumstances, be carried, save at the risk of the owners or parties by whom they are consigned.

6. They will not be responsible for loss or damage done to goods put into returned wrappers or boxes, or packages described as empties ; nor for any goods left until called for, or to order, warehoused for the convenience of the parties to whom they belong, or by or to whom they are consigned ; and the delivery of goods will be considered complete, and all responsibility will terminate, when Goods are placed in the Shed at the Station to which they are consigned. The Warehousing of them will then be at the owner's risk and expense—(except as to Lumber, Coals, Bricks and Goods of like bulk and description the delivery of which shall be complete, and all responsibility terminate upon their being detached from the Train whereby they have been drawn)—and it shall be lawful to send any Goods for which Store or Warehouse room cannot be conveniently supplied at the Stations, to the Warehouse of any Wharfinger or Warehouseman that may be available—at the risks and expense of the owners of the property so stored—and the charges for Warehousing and conveyance shall form an additional lien upon such Goods.

7. They will not be responsible for any deficiency in weight or measure of grain, etc., in bags or in bulk ; nor for loss or deficiency in weight, number, or measure of lumber, carried by the car-load.

8. All goods from whomsoever received or to whomsoever belonging, shall be subject to a general lien, not only for the carriage of those particular goods but also for any general balance that may be due by the owners of such goods ; and if, in six weeks after notice shall have been given that such goods are detained for any such claim, the money due be not paid, the goods will be sold by auction or by private sale, to defray such claims and all expenses incurred thereon. But, Fish, Fruit, Meat, Dressed Hogs, Poultry, and all other perishable articles upon which charges may be due to the Company, will be disposed of immediately after giving the above notice, and without awaiting the expiration of the above period of six weeks.

9. In case of neglect or refusal to pay the toll or freight due to the Company on any goods, they have the power to detain the same until payment of such freight be made, and in the meantime such goods are at the risk of the owner ; and if such goods be of a perishable nature, the Company have the right to sell the same forthwith, on the certificate of two competent persons establishing the fact of their being so perishable ; and if such goods are not of a perishable nature and remain unclaimed for six months, the Company may, after giving one month's notice in two Newspapers nearest the place where the goods may be, dispose of the same by Public Auction, and the proceeds of the sale, after paying the said freight, storage and cost of advertisement and sale, shall be handed over to the owner if he shall claim the same.

10. All goods addressed to consignees resident beyond the places at which there are Stations on this Railway, and respecting which no directions to the contrary shall have been received previous to arrival at the Stations, will be forwarded to their destination by public carrier or otherwise, as opportunity may offer, without claim for any delay that may occur for want of opportunity to forward them ; or such goods will be suffered to remain for a reasonable time at the Station, or be placed in shed or warehouse (if there be convenience for receiving the same), pending communication with the consignees, at the risk of the owners. But the delivery of the goods will be considered complete, and all responsibility will be considered to have ceased, when notice shall have been sent to some public Carrier that such goods are at the Station awaiting further conveyance. *And the Company will not be responsible for any loss, damage or detention that may happen to goods so sent by them, if such loss, damage or detention occur after the said notice, or beyond the limits of their Railway.*

11. Storage at the rates set forth in the table above will be charged on all freight remaining in the depots over 48 hours after its arrival.

12. Demurrage at the rates stated in the above Table will be charged on all cars not unloaded within 24 hours after arrival.

13. The Company will not, under any circumstances, be liable for loss of market, or other claims arising from delay or detention of any train, whether in starting, or at any of the Stations, or in the course of the journey ;—and they do not undertake to send goods by any particular train, if there be an insufficient number of cars at the Station, or if cars cannot be conveniently used for the purpose ; or if, from any cause, cars loaded at a Station are unable to be sent on by the trains passing or starting from such Station.

14. No less charge than twenty-five cents will be made for any single package or consignment ; and the charges on all Freight, &c., must be paid before the goods will be delivered ; the Company will not hold themselves accountable for the correctness of any moneys charged as " Back Charges " on Freight, &c., by other roads, companies or individuals.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR
GÉNÉRAL EN CONSEIL.

ATTENDU que par la 27e section de l'acte 31 Vic. Cap. 6, intitulé : "Acte concernant les Douanes," il est statué que "dans tous les cas où les droits sont imposés suivant le poids, le nombre, la jauge ou la

mesure, il sera accordé pour la tare sur les ballots une indemnité telle que prescrite par règlement fait par le Gouverneur en Conseil ;"

Et attendu, qu'il est désirable d'établir une pratique uniforme à tous les Ports d'Entrée dans la Puissance, relativement à l'indemnité pour la tare sur le sucre— Sur la recommandation de l'honorable Ministre des Douanes, il a plu à Son Excellence d'ordonner, et il est par le présent ordonné que les Règlements suivants soient, et ils sont par le présent adoptés :

Depuis et après cette date, il sera alloué pour la tare sur le sucre importé dans des boucauts, douze par cent, et en tierçons, quatorze par cent du poids brut de chaque, et sur les barils une indemnité de vingt-six livres chaque. Sur les sacs dans lesquels du sucre est importé une tare moyenne sera allouée qui sera déterminée en pesant un sac sur chaque dix.

Si dans aucun cas il est fait objection à la susdite échelle d'indemnités pour la tare, alors la tare actuelle suivant la facture originale pourra être allouée ; sujet cependant à tel examen, soit par pesage ou évaluation, qui pourra être jugé nécessaire par le Percepteur du Port, pour prouver que le poids actuel des colis n'est pas moindre que celui mentionné dans telle facture.

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU que par la 27e section de l'acte 31 Vic. Cap. 6, intitulé : "Acte concernant les Douanes," il est statué que "dans tous les cas où les droits sont imposés suivant le poids, le nombre, la jauge ou la mesure, il sera accordé pour la tare sur les ballots une indemnité telle que prescrite par règlement fait par le Gouverneur en Conseil ;"

Et attendu, qu'il est désirable d'établir une pratique uniforme à tous les Ports d'Entrée dans la Puissance, relativement à l'indemnité pour la tare sur le sucre—

Sur la recommandation de l'honorable Ministre des Douanes, il a plu à Son Excellence d'ordonner, et il est par le présent ordonné que les Règlements suivants soient, et ils sont par le présent adoptés :

Depuis et après cette date, il sera alloué pour la tare sur le sucre importé dans des boucauts, douze par cent, et en tierçons, quatorze par cent du poids brut de chaque, et sur les barils une indemnité de vingt-six livres chaque. Sur les sacs dans lesquels du sucre est importé une tare moyenne sera allouée qui sera déterminée en pesant un sac sur chaque dix.

Si dans aucun cas il est fait objection à la susdite échelle d'indemnités pour la tare, alors la tare actuelle suivant la facture originale pourra être allouée ; sujet cependant à tel examen, soit par pesage ou évaluation, qui pourra être jugé nécessaire par le Percepteur du Port, pour prouver que le poids actuel des colis n'est pas moindre que celui mentionné dans telle facture.

CHAMBER OF THE SENATE.

Ottawa, Thursday, 15th April, 1869.

This day, at THREE o'clock P. M., HIS EXCELLENCY THE GOVERNOR GENERAL proceeded in state to the Chamber of the Senate, in the Parliament Buildings, and took His Seat upon the Throne. The Members of the Senate being assembled, His Excellency was pleased to command the attendance of the House of Commons, and that House being present, His Excellency was pleased to open the SECOND SESSION of the FIRST PARLIAMENT of the DOMINION OF CANADA, with the following Speech from the Throne:

Honorable Gentlemen of the Senate,—

Gentlemen of the House of Commons,—

I have great satisfaction in having recourse to your advice, and I rejoice to think that on this, the first occasion on which I have had the honor of addressing you, we may congratulate ourselves on the aspect of public affairs at home and abroad, on the prevalence of peaceful counsels amongst nations, and on indications of agreement and tranquillity favorable alike to the developement of foreign commerce and the prosecution of domestic industry.

The great scheme of Confederation was successfully inaugurated under the auspices of my Predecessor.

It is to me a source of pride to find my name in honorable association with the rising fortunes of the Dominion of Canada, and I shall count it a happiness, as well as a duty, to cooperate, to the utmost of my ability, in furthering your efforts to strengthen the ties that bind the different provinces together, and to ensure the attachment of the

people to the soil, by the enactment of wise and equal laws.

Your efforts in these directions seem now, more than ever, likely to be called into action, inasmuch as the terms upon which great accessions are offered to the Dominion will be submitted for your immediate consideration.

In consequence of the Duke of Buckingham and Chandos' despatch of the 8th August of last year, stating that His Grace proposed to enter into negotiations with the Hudson's Bay Company, as to the terms on which they would be willing to surrender their rights and claims in the North-West Territory, Lord Monck sent home to England two members of the Privy Council as a deputation to watch the course of the proceedings and attend to the interests of Canada.

The Conferences in London, and the correspondence on the subject have been brought to a definitive issue by the proposal which, after a full review of the circumstances, Earl Granville made on the part of Her Majesty's Government for the consideration of the people of Canada and of the Hudson's Bay Company.

I have received the intelligence that the Hudson's Bay Company has, after some deliberation, decided upon accepting the terms laid down by the Secretary of State for the Colonies.

I have directed that the report of the mission, and all the papers connected therewith, shall be duly laid before Parliament, and I commend them to your serious consideration in view of the great importance of the subject no less than in the hope that this long vexed question may be closed without further delay.

I was much gratified by communications from the Governor of Newfoundland, expressing the desire for admission into the Union which prevails amongst the inhabitants of that Colony, and especially by his despatch of the 20th March last, covering copies of Resolutions which have been passed by the Council and Assembly, and which set forth the conditions they consider it desirable to advance.

These documents shall be furnished at once for the information of Parliament, and I hope that before the close of the Session I may be in a po-

sition to submit the details of a provisional arrangement for your consideration.

It will be a sensible pleasure to me, as well as a subject of general congratulation, if at some early day the fine Colony of Newfoundland, unrivalled as the nursery of hardy seamen, and inexhaustible in its wealth of Fisheries becomes part of the Dominion.

In accordance with the suggestion of Her Majesty's Government, an earnest attempt has been made to allay the discontent unhappily existing in Nova Scotia. The papers connected with this subject will be submitted for your favorable consideration.

In continuance of the course commenced last session, Bills will be presented to you for the assimilation of the Criminal laws existing in the several Provinces. No greater boon can be conferred on a Country than a well defined code of criminal law, of general application and easy ascertainment.

Among other measures, Bills will be presented to you for the establishment of uniform and amended laws respecting Parliamentary Elections, Bankruptcy and Insolvency, and Patents of invention and discovery.

Gentlemen of the House of Commons,—

The estimates for the expenditure of the coming financial year will be submitted to you. They have been framed with every economy compatible with the efficiency of the Public Service. I have also desired that the financial accounts of the past year shall be laid before you.

Honorable Gentlemen of the Senate, and Gentlemen of the House of Commons,—

The charters of several Banks are drawing to a close, and the important subjects of Banking and Currency will be brought under your notice.

In considering these questions, which so deeply affect, not only the important interests of Commerce, but the daily transactions of life, I feel assured that you will endeavour to adopt such principles as, in their application, may ensure the greatest measure of safety to the Public, without curtailing the facilities requisite for the encouragement and extension of Trade.

I have enumerated a variety of topics, but they are of moment and press for decision within the limits of the Session. I commit them in all confidence to your deliberate judgment, earnestly hoping that a blessing may attend your counsels and enable you to discharge, with dignity and effect, the great trust to which the order of Providence has called you.

To all to whom these presents shall come or whom the same may in any wise concern—
GREETING:

A PROCLAMATION.

WHEREAS on or about the Twenty-ninth day of September, in the year of Our Lord one thousand eight hundred and forty-nine, certain persons became incorporated under the Act of the Legislature of Our late Province of Canada, made and passed in the twelfth year of Our Reign, chaptered fifty-six, (now chapter seventy of the Consolidated Statutes for Lower Canada), under the name of The Huntingdon and Lake St. Francis Road Company, for the purpose of

constructing a Road from the village of Huntingdon to Lake St. Francis, in the County of Huntingdon;

And whereas, the said Company purchased or acquired for the purposes of the said Road, a parcel of land of the length of eight miles, more or less, and of the width of twenty-eight feet, more or less, extending from the front street on the river Chateauguay, in the Village of Huntingdon, in the County of Huntingdon, to the front Road on Lake St. Francis, in the Parish of St. Anicet, at Port Lewis, on or near the centre of lots number twenty in the several ranges of the Township of Godmanchester, and Parish of St. Anicet, in the said County of Huntingdon, and built and constructed thereon a road in part covered with plank and in part gravelled, and erected bridges, gates and toll houses thereon;

And whereas, it has been heretofore certified by the Commander in Chief of Our Forces in Canada, that the said work or Road is required for the defence of Canada, and the same has been heretofore purchased by, and is now vested in Us;

And whereas, by the Eleventh section of an Act passed in the thirty-first year of Our Reign, and intitled: "An Act respecting the Public Works of Canada," it is amongst other things in effect enacted, that the Governor may, from time to time, by Proclamation, declare any works, roads, bridges or buildings purchased or constructed at the public expense, and which have not been assigned to any Provincial Government, to be works, roads or buildings subject to the provisions of the said Act, and they shall thenceforth be under the management of the Department of Public Works; And it is also, by the Forty-ninth Section of the said, Act provided, that the Governor in Council may declare any works for or connected with the defence of Canada, to be a public work within the purview of the said Act;

And whereas, we have accordingly judged it expedient by and with the advice of Our Privy Council for Canada, to publish this Our Royal Proclamation, in respect to the said work or Road:

Now KNOW YE, and these presents witness, and We do hereby proclaim and declare all that work or Road hereinbefore described, and called or known as The Huntingdon and Lake Saint Francis Road, in the County of Huntingdon, in the Province of Quebec, to be a Public Work within the purview of the Act made and passed by the Parliament of Canada, in the thirty-first year of Our Reign, chaptered twelve, and intitled: "An Act respecting the Public Works of Canada," and subject to the provisions of the same. Of all which all Our loving Subjects are hereby required to take notice, and to govern themselves accordingly.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Canada, to be hereunto affixed: WITNESS, Our Trusty and Well-Beloved The Right Honorable SIR JOHN YOUNG, Baronet, one of Our Most Honorable Privy Council, Knight Grand Cross of Our Most Honorable Order of the Bath, Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George, Governor General of Canada. CHAMBRE DU SÉNAT.

Ottawa, Jeudi, 15 Avril, 1869.

Aujourd'hui, à TROIS heures P. M., SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL s'est rendue, avec le cérémonial ordinaire, à la Chambre du Sénat, dans l'édifice du Parlement, et a pris Son Siège sur le Trône. Les Membres du Sénat étant assemblés, il a plu à Son Excellence d'y faire requérir la présence de la Chambre des Communes, et cette Chambre s'y étant rendue, Son Excellence a ouvert la DEUXIEME SESSION du PREMIER PARLEMENT de la PUISSANCE DU CANADA, par le Discours suivant du Trône:

Honorables Messieurs du Sénat,—

Messieurs de la Chambre des Communes,—

Je suis fort heureux d'avoir recours à vos conseils, et je me réjouis à la pensée qu'en cette occasion, la première où j'ai eu l'honneur de vous adresser la parole, nous pouvons nous féliciter de l'aspect des affaires publiques à l'intérieur et au dehors, de la prédominance des dispositions pacifiques parmi les nations, et des indices d'accord et de tranquillité également favorables au développement du commerce étranger et aux entreprises de l'industrie domestique.

Le grand projet de la Confédération fut heureusement inauguré sous les auspices de mon Prédécesseur.

C'est pour moi un sujet d'orgueil que de trouver mon nom honorablement associé à la fortune croissante de la Puissance du Canada, et je compterai comme un bonheur, aussi bien que comme un devoir, de coopérer en autant que j'en serai capable, à seconder vos efforts pour affermir les liens qui unissent ensemble les différentes Provinces, et pour assurer l'attachement du peuple au sol au moyen de lois sages et équitables.

L'exercice de vos efforts dans ces directions paraît devoir être plus que jamais nécessaire, maintenant que les termes auxquels de grandes accessions sont offertes à la Puissance vont être immédiatement soumis à votre considération.

En conséquence de la dépêche du Duc de Buckingham et Chandos du 8 août dernier, annonçant que Sa Grâce se proposait d'entrer en négociations avec la Compagnie de la Baie d'Hudson quant aux termes auxquels elle serait disposée à renoncer à ses droits et prétentions dans le Territoire du Nord Ouest, Lord Monck envoya en Angleterre deux membres du Conseil Privé en députation pour suivre le cours de cette affaire et veiller aux intérêts du Canada.

Les conférences à Londres, et la correspondance à ce sujet ont été amenées à fin par la proposition que Lord Granville, après un examen complet des circonstances, fit de la part du gouvernement de Sa Majesté pour être soumis à la considération du peuple du Canada et de la Compagnie de la Baie d'Hudson.

J'ai reçu la nouvelle que la Compagnie de la Baie d'Hudson, après quelque délibération, s'est décidée à accepter les termes posés par le Secrétaire d'Etat pour les Colonies.

J'ai donné ordre que le rapport de la mission, et tous les papiers qui s'y rapportent, soient régulièrement mis devant le Parlement, et je les recommande à votre sérieuse considération, en vue de la haute importance du sujet, autant que dans l'espoir que cette question, depuis si longtemps en contestation, soit close sans plus de délai.

C'est avec beaucoup de plaisir que j'ai reçu du Gouverneur de Terre-Neuve des communications exprimant le désir qui règne parmi les habitants de cette Colonie d'être admis dans l'Union, surtout sa dépêche du 20 Mars dernier, contenant copies des résolutions passées par le Conseil et l'Assemblée, et exposant les conditions qu'il leur paraît désirable de proposer.

Ces pièces vont être fournies immédiatement pour l'information du Parlement, et j'espère qu'avant la clôture de la session je serai en état de soumettre à votre considération les détails d'un arrangement provisoire.

Ce sera un sensible plaisir pour moi, aussi bien qu'un sujet de félicitation générale, si à un jour prochain la belle Colonie de Terre-Neuve qui n'a pas d'égal comme pépinière d'intrépides marins, et dont les riches pêcheries sont inépuisables, vient à former partie de la Puissance.

A la suggestion du Gouvernement de Sa Majesté, il a été fait une tentative sincère pour apaiser le mécontentement qui règne malheureusement à la Nouvelle-Ecosse. Les papiers se rapportant à ce sujet seront soumis à votre considération favorable.

Comme suite de ce qui a été commencé dans la dernière session, il vous sera présenté des Bills pour l'assimilation des Lois Criminelles existant dans les diverses Provinces. Il ne peut être conféré à un pays un plus grand bien qu'un Code de Lois Criminelles bien défini, d'une application générale et d'une étude facile.

Entre autres mesures, il vous sera présenté des Bills pour l'établissement de lois uniformes et amendées touchant les Elections Parlementaires, la Banqueroute et l'Insolvabilité et les Brevets d'Invention et de Découverte.

Messieurs de la Chambre des Communes,—

Le Budget des dépenses de l'année fiscale qui approche vous sera soumis. Il a été préparé avec toute l'économie compatible avec l'efficacité du service public. J'ai aussi donné instruction de mettre devant vous les comptes publics pour l'année dernière.

Honorables Messieurs du Sénat et Messieurs de la Chambre des Communes,—

Les Chartes de plusieurs Banques vont bientôt expirer, et les sujets importants des Banques et du Cours Monétaire seront soumis à votre attention.

Dans la considération de ces questions qui affectent si profondément, non-seulement les intérêts du commerce, mais les transactions de chaque jour, j'ai l'assurance que vous vous efforcerez d'adopter des principes qui, dans leur application, garantiront la plus grande mesure de sûreté au public, sans diminuer les facilités requises pour l'encouragement et l'extension du commerce.

J'ai énuméré une variété de sujets, mais ils sont importants et demandent à être réglés dans le cours de la session. Je les laisse en toute confiance à votre sage jugement, espérant vivement que vos délibérations seront bénies, et qu'ainsi vous pourrez remplir avec dignité et effet la haute mission que vous a confiée la Providence.

A PROCLAMATION.

WHEREAS on or about the Twenty-ninth day of September, in the year of Our Lord one thousand eight hundred and forty-nine, certain persons became incorporated under the Act of the Legislature of Our late Province of Canada, made and passed in the twelfth year of Our Reign, chaptered fifty-six, (now chapter seventy of the Consolidated Statutes for Lower Canada); under the name of The Huntingdon and Lake St. Francis Road Company, for the purpose of constructing a Road from the village of Huntingdon to Lake St. Francis, in the County of Huntingdon;

And whereas, the said Company purchased or acquired for the purposes of the said Road, a parcel of land of the length of eight miles, more or less, and of the width of twenty-eight feet, more or less, extending from the front street on the river Chateauguay, in the Village of Huntingdon, in the County of Huntingdon, to the front Road on Lake St. Francis, in the Parish of St. Anicet, at Port Lewis, on or near the centre of lots number twenty in the several ranges of the Township of Godmanchester, and Parish of St. Anicet, in the said County of Huntingdon, and built and constructed thereon a road in part covered with plank and in part gravelled, and erected bridges, gates and toll houses thereon;

And whereas, it has been heretofore certified by the Commander in Chief of Our Forces in Canada, that the said work or Road is required for the defence of Canada, and the same has been heretofore purchased by, and is now vested in Us;

And whereas, by the Eleventh section of an Act passed in the thirty-first year of Our Reign, and intitled: "An Act respecting the Public Works of Canada," it is amongst other things in effect enacted, that the Governor may, from time to time, by Proclamation, declare any works, roads, bridges or buildings purchased or constructed at the public expense, and which have not been assigned to any Provincial Government, to be works, roads or buildings subject to the provisions of the said Act, and they shall thenceforth be under the management of the Department of Public Works; And it is also, by the Forty-ninth Section of the said, Act provided, that the Governor in Council may declare any works for or connected with the defence of Canada, to be a public work within the purview of the said Act;

And whereas, we have accordingly judged it expedient by and with the advice of Our Privy Council for Canada, to publish this Our Royal Proclamation, in respect to the said work or Road:

Now Know Ye, and these presents witness, and We do hereby proclaim and declare all that work or Road hereinbefore described, and called or known as The Huntingdon and Lake Saint Francis Road, in the County of Huntingdon, in the Province of Quebec, to be a Public Work within the purview of the Act made and passed by the Parliament of Canada, in the thirty-first year of Our Reign, chaptered twelve, and intitled: "An Act respecting the Public Works of Canada," and subject to the provisions of the same. Of all which all Our loving Subjects are hereby required to take notice, and to govern themselves accordingly.

Avis du Gouvernement.

HOTEL DU GOUVERNEMENT, OTTAWA.

Mardi, 15e jour de Juin, 1869.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR
GENERAL EN CONSEIL.

ATTENDU que par les 12e et 13e clauses de l'Acte 31 Vic. cap. 50, intitulé : "Acte pour augmenter le droit d'Excise sur les spiritueux, pour imposer un droit d'Excise sur le Pétrole raffiné, et pour voir à son inspection," il est entre autres choses statué, que le gouverneur en conseil pourra permettre l'importation, la fabrication, la vente et l'emmagasinage de la Benzine et autres produits semblables du pétrole, qui ne soutiendront pas l'épreuve du feu mentionnée dans la 11e clause du dit acte, sous les règlements qu'il jugera nécessaires ; et pourra de temps à autre faire des règlements relatifs à l'emmagasinage du pétrole cru ou raffiné, qu'il jugera nécessaires à la sûreté publique, et contenant les dispositions spéciales qu'il jugera à propos quant à la Benzine et autres produits analogues du pétrole,—

Son Excellence en Conseil sur la recommandation de l'honorable Ministre intérimaire du Revenu de l'Intérieur, et sous l'autorité susdite, a bien voulu faire les règlements suivants :

1. Dans les cités et villes où des statuts ou règlements municipaux sont en force concernant l'emmagasinage du pétrole et ses produits,—le pétrole, la benzine et tous autres produits du pétrole,—si le droit sur iceux a été payé,—pourront être emmagasinés dans toute bâtisse ou endroit qui sera en conformité des règlements municipaux passés à cet égard, et lorsque entreposés pour le droit, ils pourront être emmagasinés dans telles bâtisses ou entrepôts autorisés qui sont conformes aux règlements municipaux ;

2. Dans les cités et villes où il n'existe pas de tels statuts ou règlements municipaux, et dans tous villages et endroits autres que des cités ou villes, le pétrole, la benzine et tous autres produits du pétrole, si les quantités excèdent deux barils de pétrole cru ou raffiné, ou dix gallons de benzine, ou tout article semblable qui ne soutiendra pas l'épreuve du feu prescrite, seront emmagasinés seulement dans des bâtisses ou lieux isolés, et qui seront au moins à deux cents verges de la plus proche bâtisse n'étant pas possédée ou occupée par la personne à qui le pétrole, la benzine ou autre article semblable appartient ;

 Then the Honorable the Speaker of the House of Commons addressed His Excellency the Governor General as follows:

MAY IT PLEASE YOUR EXCELLENCY,

The Commons of Canada have voted the Supplies required to enable the Government to defray the expenses of the Public Service.

In the name of the Commons, I present to Your Excellency a Bill, intituled: "An Act for granting to Her Majesty certain sums of money required to defray certain expenses of the public service, for the financial years ending respectively the 30th June, 1869, and the 30th June 1870, and for other purposes relating to the public services," to which I humbly request your Excellency's Assent.

To this Bill the Royal Assent was signified, in the following words:

In Her Majesty's name, His Excellency the Governor General thanks Her loyal subjects, accepts their benevolence, and assents to this Bill.

After which His Excellency the Governor General was pleased to close the Second Session of the First Parliament of the Dominion with the following

S P E E C H :

Honorable Gentlemen of the Senate,

Gentlemen of the House of Commons:

The time has come when I am able to release you from your labours, and I have the greater pleasure in doing so inasmuch as the session of which the opening was delayed for the reasons you are cognizant of has necessarily been protracted to a period somewhat later than suits the general convenience.

Satisfaction may, I think, be expressed at the result of your deliberations.

In addition to the long list of measures and amendments on subjects of internal policy which have passed under your notice, your records show that memorable steps have been taken towards the accomplishment of the great scheme of uniting the whole of British North America in a single confederation.

You have sanctioned the arrangement entered into in London by the Imperial Government in reference to the North-West Territory—that wide expanse will, I hope, ere long be opened to settlement and become the abode of myriads of thriving and industrious immigrants.

The terms to which the Delegates from Newfoundland agreed, and which, it may be expected, will prove acceptable to the people of that Island, have met with your concurrence.

The basis has been laid for negotiations with the Government of Prince Edward Island.

Moreover, what is not of less importance, seeing that the good-will of the people already within the Dominion is a matter perhaps of greater, at the least of equal concern with the acquisition of new territories, you have adopted the precautions of timely and well considered liberality in order to satisfy reasonable demands and conciliate attachment in Nova Scotia.

The Acts rendering the Criminal Laws uniform will ensure an exact and equal procedure, and cannot fail to be conducive in the highest degree to the public advantage.

Gentlemen of the House of Commons:

In Her Majesty's name I thank you for the supplies you have granted for the public service. Though the revenue accruing from Import Duties has not reached the expected standard, I rejoice to think that a vigilant supervision of the public expenditure has obviated the necessity of imposing any fresh burdens on the people.

Honorable Gentlemen, and Gentlemen:

I will not detain you further than to express the hope that in returning to your homes you will find the Country blessed with every prospect of an abundant season, and that you will continue your services to the State by encouraging industrial pursuits, diffusing contentment and upholding the authority of the law in your respective neighbourhoods.

QU'IL PLAISE A VOTRE EXCELLENCE :

Les Communes du Canada ont voté les subsides nécessaires pour permettre au Gouvernement de subvenir aux dépenses du Service Public.

Au nom des Communes je présente à Votre Excellence un bill intitulé : "Acte pour accorder à Sa Majesté certaines sommes nécessaires pour subvenir à certaines dépenses du service public, pour les années fiscales expirant le trentième jour de juin 1869 et le trentième jour de juin 1870, et pour d'autres objets relatifs au service public," que je prie humblement Votre Excellence de sanctionner.

A ce bill la sanction royale a été donnée dans les termes suivants :

Au nom de Sa Majesté, Son Excellence le Gouverneur Général remercie ses loyaux sujets, accepte leur bienveillance, et sanctionne ce bill.

Après quoi il a plu à SON EXCELLENCE LE GOUVERNEUR GENERAL clore la deuxième Session du Premier Parlement de la Puissance par le

DISCOURS suivant :

Honorables Messieurs du Sénat,

Messieurs de la Chambre des Communes :

Le temps est arrivé où je puis vous décharger de vos travaux ; et je le fais avec d'autant plus de plaisir que la session, dont l'ouverture fut retardée pour des raisons qui vous sont connues, s'est nécessairement prolongée jusqu'à une époque plus avancée qu'il ne convient à la généralité d'entre vous.

Je pense qu'on peut se déclarer satisfait du résultat de vos délibérations.

En outre de la longue liste des mesures et des amendements sur des sujets de politique intérieure dont vous vous êtes occupés, vos journaux montrent que des mesures mémorables ont été prises vers l'accomplissement du grand projet pour l'union en une seule confédération de toute l'Amérique Septentrionale Eritannique.

2 *

Vous avez sanctionné l'arrangement passé à Londres, par le Gouvernement Impérial, à l'égard du Territoire du Nord-Ouest : j'espère que cette vaste contrée sera avant longtemps ouverte à la colonisation, et deviendra le séjour de myriades d'immigrants prospères et industrieux.

Les conditions auxquelles les délégués de Terre-Neuve ont consenti, et qui, on peut l'espérer, seront agréées par le peuple de cette Ile, ont reçu votre concours.

Il a été posé des bases pour des négociations avec le gouvernement de l'Ile du Prince-Edouard.

De plus, ce qui n'est point d'une moindre importance, considérant que le bon vouloir du peuple déjà compris dans la Puissance est un sujet d'une importance peut être plus grande, ou non moindre pour le moins, que celui de l'acquisition de nouveaux territoires, vous avez eu le soin opportun et bien sage d'agir avec libéralité, afin de satisfaire à des demandes raisonnables et d'assurer l'attachement de la Nouvelle-Ecosse.

Les actes pour l'uniformité des lois criminelles assureront une procédure exacte et égale, et ne peuvent manquer de contribuer à un très haut degré à l'avantage public.

Messieurs de la Chambre des Communes :

Au nom de Sa Majesté, je vous remercie des subsides que vous avez votés pour le service public. Quoique les droits d'exportation n'aient pas atteint le chiffre qu'on en attendait, je me réjouis à la pensée qu'une surveillance vigilante de la dépense publique a obvié à la nécessité d'imposer de nouvelles charges au peuple.

Honorables Messieurs et Messieurs :

Je ne vous retiendrai pas davantage si ce n'est pour exprimer l'espoir qu'en retournant dans vos foyers, vous trouverez le pays avec toutes les apparences d'une récolte abondante, et que vous continuerez vos services à l'état en encourageant les travaux de l'industrie, en propageant le contentement et en soutenant l'autorité de la loi dans vos voisinages respectifs.
